About Heritage Bank

Heritage Bank was founded in 1990 by a group of local businesspeople alarmed about the shrinking access to community banks able and eager to respond to regional consumer and business banking needs. Today, Heritage Bank is one of the 10 largest banks in greater Cincinnati and has expanded commercial loan operations into the Miami Valley. In an age of ongoing consolidation, Heritage Bank is resolute about remaining an independent bank, committed to the communities where we operate and to the people who call those communities home.
